

Parata Launches Pharmacy Employee Relief Fund

Information obtained from Parata

Parata has recently launched the *Pharmacy Employee Relief Fund* for those pharmacy workers who have contracted COVID-19 and can't afford to stop working. The *Fund* will be operational on or before April 24, 2020 and will be managed by the Emergency Assistance Foundation (EAF). Grants will be awarded as soon as possible to those individuals who meet the eligibility criteria. Subject to the availability of funds, a one-time grant of \$500 will be disbursed directly to the applicant with a limit of one grant per person.

Parata Systems and Comprehensive Pharmacy Services have each made initial contributions of \$100,000 to the *Fund* and have committed to match the initial \$100,000 donations once the *Fund* exceeds \$10 million.

Questions about the *Pharmacy Employee Relief Fund* can be directed to perf@parata.com. To donate or complete an application for assistance, please visit parata.com/relief.
